05.2020 - present Avanza Solutions - Application Support Consultant Expected: 951-110. Checil, Francis

Notice Period: I mount 2.

Benefits: Sim, injurial, I man interior of Survey large.

Why switch: He is more interior of checkers

TD: result, read of checkers appears)

Thereof (interior External appears)

- Experienced in providing Technical Support of Middleware, CRM, Online Banking and Database(SQL, Oracle). Participated in rotating 24\*7 "On-Call" support coverage for severity 1 to International and Local clients. Efficiently identified and resolved issues related to SQL server and Oracle. Documentation and reporting of application defects and bugs to Development Team. Implementation of application fixes in Production. Installed patches on Webserver(Tomcat) and performed Database sanitization and optimization for Oracle and SQL Server for performance related issues. Identify, triage, troubleshoot and resolve production related issues in timely manner and in-line with SLA's.
- Maintained, fine-tuned and optimized system architecture through outstanding expertise in application installation, configuration, integration and administration. Cooperated effectively with Vendor to facilitate installation, testing, upgrade and migration of new software/application. Assisted Quality Assurance team in understanding System Architecture, bugs, test cases, deployment of patches and validating bug fixes and patches. Executed unit and system test on enhancements, patches and application to ensure 100% quality results on Production.

07 2019 - 04.2020

#### MEEZAN BANK LIMITED - System Support Engineer

- Experienced in Retail, Corporate Banking, Electronic Payment and Banks Alternate Delivery Channels (ATM, DEBIT Card, POS, IB, CRM, Call Center, IVR, SMS Banking, Mobile Banking and Branch less Banking) and Customer related support. Provide level 1 and level 2 support to Customers and Member Bank facing issue with their transaction (system sue, financial/non-financial transaction issue's in ATM, POS, Configuration level issues, FT, IBFT, Card Management Issue).
- Have breadth knowledge of Software Product Development life cycle which includes Product Design, Product testing including test cases and test scenarios by considering business cases, Business Planning, UAT, Final launch and Roll outs. Strongly skilled in Client and Vendor relationship management to work constructively in Projects. Strong Leadership and management skills with ability to motivate co-worker to maximize their level of productivity.
