Summary

Believe in yourself! Have faith in your abilities! Without a humble but reasonable confidence in your own powers you cannot be successful or happy. The only way to do great work is to love what you do. If you haven't found it yet, keep looking. Don't settle.
For me:
I enjoy challenges of job assignments. To secure a responsible and challenging position in an organization, where I can contribute my knowledge and skills. To work for a reputed financial institution which fosters a competitive environment and where personal growth and career enhancement is encouraged
1. Versatile, committed, adaptable, welcome the challenge of solving problems.
2. Dedicated team work, high energy work ethics and commitment.
